PATH PRO

SS21 208E

It's nimble. It's no nonsense. And it's not afraid to let it fly. That's the spirit of this lightweight legend. While easy to move around, the Path-Pro isn't a pushover and it's more than capable of muscling through 9 inches of snow in a snap. This machine makes quick work of clearing the way down to the pavement.

MOVES UP TO **57** TONS HOUR

HOUSING & PADDLE

Steel-walled housing shears through snow, while the reinforced rubber paddles and adjustable scraper bar keep things moving.

COWL DESIGN

With an easy access maintenance hatch, we make it easy to keep your Ariens® running like an Ariens.

WHEELS

Enjoy the mobility and agility of Ariens semi-pneumatic wheels.

FOLDING HANDLEBARS

Folding handlebars make storage a cinch.

ELECTRIC START

Go ahead. Hit snooze. We promise your Path Pro will be up and at 'em as soon as you start.
