

To our Hamshaw Lumber Customers:

Hamshaw Lumber is committed to maintaining a safe and healthy workplace for our employees and helping our customers to do the same. As such, we are closely monitoring the ongoing COVID-19 coronavirus outbreak according to our local health agencies.

We want nothing more than for you to feel comfortable shopping in our stores. We want to share with you the actions we are taking to help protect our employees and customers. We've advised our employees to follow the CDC guidelines regarding personal hygiene and we have increased the regular cleaning and sterilization of all public areas. We have also advised our employees to stay home if they are feeling sick, so please be patient with our team if we are short staffed.

In an effort to keep you and/or your coworkers safe, we encourage you to use our wide variety of options to help you place orders with Hamshaw Lumber for pickup or delivery. While the delivery demand has increased greatly, Hamshaw Lumber is increasing capacity to fulfill all orders as promised.

- **Email** quote requests to info@hamshawlumber.com
- Place an **order online** at acehardware.com
- **Call** either store: Keene [\(800\) 725-6506](tel:(800)725-6506) or Orange [\(800\) 780-8211](tel:(800)780-8211)

We appreciate the trust that you place in Hamshaw Lumber. We will continue to closely monitor the situation and take actions necessary to help keep our employees and customers safe while providing the products and services you need to run your business.
