Our Story

Since 1979 the Mason family has been involved in New England's agriculture. Jim Mason started as a commercial sheep shearer, shearing over a ¼ of a million sheep throughout the world. Lisa maintains commercial greenhouses, at Punch Brook Farm in Franklin, NH. Our construction company, Ag Structures, builds equine, dairy and livestock buildings, plus commercial and residential. It is our pleasure, at the Grainbox, to serve you as many of New Hampshire's farm products as we can. Many of our meats, eggs, milk, and syrup are produced in New Hampshire. Ask us about our local products in our cooler and freezer.

"We proudly support the rural lifestyle".
